Mission: To ignite a passion for the arts and academics at a young age. Our preschool program allows each child to express themselves without fear. We encourage your child to explore their imagination while learning to create in a safe space. Our staff is committed to providing a nurturing, encouraging, loving, positive, and safe learning environment.

WHAT MAKES US DIFFERENT?

Our program is affordable and the perfect fit for the family that wants a unique preschool program that engages academics and the arts. Our program also gives our students the opportunity to perform at our Fall and Spring Recital *additional fees apply*. Recital is not mandatory. During the day your child will be working on choreography during dance class that will be featured at the recital showcase. Our student to teacher ratio is kept small so that our staff can fully engage and pour into each child. It is our mission to give quality attention to each child. Your child will leave our program fully confident in the arts and academics. We are not a daycare. We are not a licensed by the state of Texas.

A DAY AT DREAM

ART:

Dare to draw and create your very own work of art. This are class includes art history, themed lessons, with emphasis on creative patterns, colors, and shapes. Twice a year we host an art gallery show for our kiddos to reveal their masterpieces and tell us about the inspiration behind their artworks.

DANCE:

Dare to dance as we introduce dance in a fun and imaginative way! Exploring ballet, jazz, hip-hop, and tap. Each class will include warm-up and choreography, with special emphasis on themed curriculum and performance skills. Get ready to move and explore the art of dance and teamwork.

EXPLORE:

Dare to explore includes daily academics lessons. We follow the Abeka curriculum. We start in a team huddle that is held at the beginning of each class. Some topics we cover are weather, events, and positive mantras. During this time our kiddos can share and discuss in a safe space without judgement. This part of the day sets the stage and builds comfort and confidence for our students.

MUSIC:

Dare to sing like no one is listening. A combination of music exploration through listening, singing, and playing instruments with emphasis on vocal development and rhythm.

THEATRE:

Dare to act and prepare to be shine bright as you explore the world of theatre arts. Every child has a voice in our skits! We focus on terminology, costumes, speaking, along with acting and theatre skills.
